

TACKIFIERS

ECO-TAC - PAM TACKIFIER

Professional-grade PAM (polyacrylamide) tackifier - a sodium acrylate/acrylamide copolymer that dissolves quickly, lubricates the slurry through your gun, binds mulch to soil, and controls dust. A cost-effective bonding option for erosion-prone jobs.

Professional-grade PAM (polyacrylamide) tackifier - a sodium acrylate/acrylamide copolymer that dissolves quickly, lubricates the slurry through your gun, binds mulch to soil, and controls dust. A cost-effective bonding option for erosion-prone jobs.
